## High Court Hears Election Cases

Attorneys B. F. Kimble and Harry Hall have returned from Columbus, where they appeared before the Supreme Court yesterday on behalf of the realtors in the mandamus suits brought by candidates for Portsmouth City, Scioto County and township boards of education to compel school boards of education to place their names on the official ballot to be voted at the general election on November 6.

A battery of legal talent appeared on behalf of the Election Board, the attorneys representing the defense including Attorney-General C. C. Crabbe, Russell Knopfer and Attorney Wilcox, of Columbus, and O. E. Irish, of Ironton, and at the close of arguments in the five separate cases pending, which were submitted as one, the court took them under advisement.

At the time the suits were filed a week ago on behalf of Dr. E. C. Jackson and Conrad Roth, candidates for Portsmouth School Board; James Polk and Smith Crall, candidates for county school board, and Dr. D. C. Coleman, candidate for school board in Valley Township, whose petitions were held to be invalid and thrown out by Secretary of State Charles E. Brown, the Supreme Court allowed an alternative writ to issue directing the election

board to put the names on the ballot and the hearing yesterday was for the purpose of giving the defense an opportunity to show cause why the writ should not be made preemptory. John Edgemoose, Joseph Craigmyer and Lowell Harless, of the local board of elections, were present at the hearing before the Supreme Court in Columbus yesterday.

It was stated to-day that the court is expected to hand down its decision in the cases within a day or two, probably Saturday morning.

## Car Turns Turtle; Two Narrowly Escape Injury

D. A. Rice, 2119 Argonne road, and Orin McKeever, 1217 Grandview avenue, were slightly injured and narrowly escaped from serious injury Thursday night when the former's Ford touring car turned over on the Township north of the intersection of the "V" road with the Township road. The machine skidded on the wet road and, after glancing off the fence, turned over. Rice and McKeever were thrown out of the machine which was badly damaged.

Brought to the city by a passing motorist, Rice and his friend stopped at the police station to report the accident. The machine was badly damaged.

## Court House

Watkins Fined; Sent To Jail  
Acting on complaints that shanties located in the Ohio river, near the C. & O. Northern railroad bridge, at Sciotoville, constituted a nuisance, Sheriff Harry M. Dunham and a squad of deputies made a clean-up of the district when they raided the district last night. The visit of the officers resulted in the owners of the boats being ordered to move and one of them, Noah Watkins, was taken into custody for possession of liquor unlawfully, after a search revealed the presence of a half gallon of illicit whiskey on his boat.

Watkins was brought to the county jail and when arraigned before Squire George S. Morgan today pleaded guilty and he was passed a fine of \$250 and costs. Unable to pay Watkins languished behind the bars at the county jail.

## P. H. S. To Close Down Day Of Lancaster Game

It was announced to-day by Principal H. H. Eccles, of P. H. S., that there would be no session of high school Friday, October 20, on account of the football to be played between Lancaster and the P. H. S. squad. Here is the chance for all loyal Portsmouth boosters to show their stuff. P. H. S. athletic officials urged to-day Lancaster boosters have missed enough money to send a thirty piece band here to cheer their team on to big things. It is being arranged that both Portsmouth and Lancaster boosters will hold a parade on the morning of the 20th.

## Field Officer In Town

## Young Man Accused; Denies Guilt

Accused of contributing to the delinquency of Elizabeth Arthur, 15 years old, of Haverhill, by taking her on auto rides for financial purposes, Dan Taylor, Jackson street young man, pleaded not guilty when he appeared in Probate court Friday and Judge Gilliland assigned the case for hearing on Oct. 23 and ordered the defendant released on \$500 bond.

## Two Young Men Accused

## Keller-Lyons Case Given Whirl

The suit of Marion Keller against Wilbert Lyons, Madison township farmer, came on for hearing before Judge Will P. Stephenson in Common Pleas court today and a number of witnesses from that part of the county were present in court and testified in the case.

In February, 1920, Lyons married Zelva Lyons, a daughter of the plaintiff, and in the following January they separated, the wife returning to the home of her parents because of alleged mistreatment. Later she became ill and after a lingering illness of several months, during which time she was cared for at the home of her father, the wife died from tuberculosis.

Keller then brought suit to recover from the husband the sum of \$104.28 on a claim for doctor bill, nursing, care, board and funeral expenses for the deceased wife, because of alleged neglect of Lyons to make adequate provision for the support of his wife at a time when they were living separate and apart.

The defendant disclaimed all liability, claiming that the wife abandoned his home and remained willfully absent without fault on his part. He further insists that he maintained a proper and suitable home for himself and wife and that he was all times ready and willing to provide for her, declaring that she refused to live with him or to remain at his home.

Attorney A. H. Bannan appeared for Keller and Attorney R. P. Kimble represents Lyons.

C. Anderson and George W. Sheppard for plaintiff and Miller and Seel for Hannah, an opportunity to file written briefs.

94 PER CENT AIR  
Beats Electric or Gas

A new lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Burns 91 per cent air and 6 per cent common kerosene (coal oil).

The inventor, E. A. Johnson, 603 W. Lake St., Chicago, Ill., is offering to send a lamp on 10 day's FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money, make \$250 to \$500 per month. Advertisement.

## Judge Thomas Presides At Trial In Cleveland When Negro Is Convicted

CLEVELAND, October 18.—William Clay, negro, indicted for first-degree murder, was convicted of the lesser offense of second-degree murder by a jury in the Cuyahoga County Common Pleas Court to-day, and Judge J. S. Thomas, of Portsmouth, presided.

Trial Judge, sentenced the defendant to life imprisonment in the penitentiary. The crime for which Clay was convicted occurred last August when he shot to death another colored man named John H. Wilson. The trouble grew out of a quarrel,

previous to the shooting, between Wilson and Jessie Oliver, a colored woman. When Clay returned home and heard about the altercation, he and the woman started out to hunt Wilson, and when they found him, opened fire, which resulted in his death. The Oliver woman was jointly indicted with Clay for first-degree murder, and she will be brought to trial next Monday.

A feature of the examination of prospective jurors pertained to membership in the Ku Klux Klan. The defendant being a negro did not want his case submitted to a jury composed, in whole or in part of members of the Klan.

## "Bull" Davis Gets Jail Sentence

CINCINNATI, October 18.—John ("Bull") Davis, of Portsmouth, was sentenced to eight months in the Hamilton County Jail and fined \$100 and costs by Judge Smith Hickel following his conviction by a jury in the United States District Court here yesterday under an indictment charging him with having

violated the national prohibition law. The accused was defended by Attorney Harry Hess, of this city, and the trial, which consumed the greater part of two days, was stubbornly contested.

Among the witnesses from Portsmouth who testified in the case were Federal Agent F. W. Rieck, Deputy

Sheriff Elza Carter and Robert Reno, Floyd Shanklin, Municipal Court Clerk; Magistrates George S. Morgan and J. L. Rieck, Attorney Horace L. Small and Harry Castor, former state dry officer, now serving a jail sentence at Portsmouth for assault.

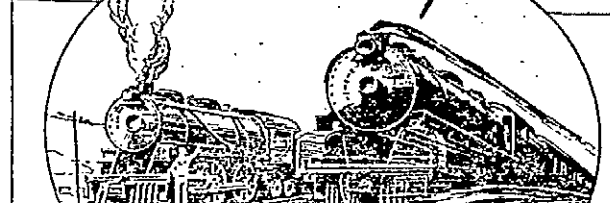

Previous to being brought here for trial Davis was a prisoner in the Scioto County Jail, where he was serving time in default payment of a

fine assessed against him in Squire Rieck's Court.

Davis is a former local soft-drink proprietor. He conducted a place at Eleventh and Walker streets for some time.

Silver was first coined in Rome in 269 B. C., when Fabius Pictor set up a mint.

## The Right of Way

The train that gets "behind time" must sometimes lie for hours on side-tracks while other trains that are on time go by.

Passengers on such trains waste a lot of valuable time. They miss connections and consequently fail to keep their appointments. They lose money as well as time.

People who do not SAVE regularly, also lose the right of way. They fall behind and are side-tracked while the more successful ones pass by.

Trains sometimes make up lost time. You can do the same with a steady growing savings account. Start here today before it is too late—and catch up.

Out of all this wreck and chaos and ruin the Kingdom of God is sure to come—a better kingdom—a more effective one—a purified one—a more united one. We are not discouraged. We trust our God more than ever before—we have been taught in a new way not to put our trust in things that abide but for a time and then perish—we have had our faces turned anew toward our God and we have renewed our allegiance to Him and we are trusting Him and depending upon Him for guidance—more than ever before.

# HORRORS OF JAPANESE EARTHQUAKE TOLD IN LETTER

## 32,000 Died From Suffocation In One Place In Tokyo

Letters being received here giving some months ago. It was written by details of the earthquake, horror in T. A. Young, a missionary, stationed at Fukushima. He was converted in Japan, and the first reports of the disaster, which he covered the true extent of the disaster. One of the most interesting of these letters is the one received by Miss Edith Smith, of 936 Fourth Street, who came here from Richmond, Ind., been engaged in missionary work.

Mrs. Young and Miss Smith were close friends.

Mr. Young made a personal inspection of the damage wrought, and gives a graphic description of the wrecked city of Tokyo. He says that the best estimates show the loss of life was between 350,000 and 500,000. In one crowded space in Tokyo 32,000 people were suffocated, Mr. Young says. The bodies of 30,000 had been burned in that city when the letter was written.

Regarding the property loss, he says that 71 per cent of all the houses in Tokyo were burned, and that 68 per cent of the city's population were homeless. In Yokohama only two buildings were left intact.

The letter is as follows:

At 4 o'clock of the earthquake, September 1st, we were sitting on the front porch of our little mountain cottage at Karuzawa and talking about returning home. Suddenly there was heard a rumbling noise—a sound seems to run through the whole shock—this gains in intensity—three severe shocks follow each other in rapid succession—trees, telegraph poles rock and shake like leaves in the wind—the ground moves—and we, who for safety had rapidly left the porch, hardly knew what to do as waves like the waves of the sea. We know that there has been a terrible earthquake somewhere. But where? No one knows. Has some of all of the active volcanoes in Japan combined in a general eruption? No one can tell. We can only wonder. And our wonder grows as we all around the quakes come—most of them severer than the shocks we are so accustomed to.

But by night we know. Climbing one of the small mountains the sky to the south-east is seen to be taking on more and more of a crimson color—and slowly the truth comes. It is a gigantic fire! Yet where we know not. No word comes for evidently both telegraph and telephone wires have been destroyed. Early Sunday morning we received word that every one doubts—Tokyo is on fire—the capital city of Japan is burning! Surely it cannot be. We feel that we must go and see for Tokyo is the center of our work—our schools and best churches are there. For there are some of our lady missionaries who had returned home but a few days before. Mr. McCoy and myself leave on a crowded train about 10 o'clock Sunday morning—each station that we pass adds its quota of people until there is no place at all even to cling to the outside of the coaches. The train stops at a little station called "Kawaguchi," about 7 miles from Ueno Station in Tokyo City. The mile long iron bridge spanning the river is wrecked, is the word we get and if we wish to go on we must walk. Walk we do, crossing the great iron bridge that had been twisted as though it were not steel. More and more houses seem to have fallen, all chimneys have collapsed, but still we do not imagine what later we found.

Fortunately from the next station 2,000 other people into a train that ought not to carry more than 500 at the most, and go on. As we approach more and more closely towards Tokyo and fear grows on us that something awful has happened for thick heavy clouds of black smoke are seen and as night comes on these clouds take on the color of fire. We are soon to our school compound at Karuzawa, on the edge of Tokyo City, and fortunately the edge farthest from the fire. Here we find fully 2,000 refugees that had swarmed into the large compound for safety and receive a royal welcome from the three lady teachers who were the only foreigners on the compound and who had been there since before the earthquake on the Sunday before. The Japanese welcomed us too and with all of doing our best we try to make the 2,000 refugees comfortable during the night. Some have food, others have none. Some have extra clothes, though they have but one kimono. An old lady, perhaps 75 or 80 years old—carried on a stretcher, lies on the grass wondering no doubt if the world has not come to an end. A mother with a baby ten days old, seeks shelter under a nearby tree. Rich and poor, clean and unclean, old and young, they are all gathered here and are one in their common misery and terror. All this while the whole sky line is a fiery red—many, many rumors come and we hardly know what to believe. Then to add to it all, rain begins to fall—welcome so far as the fires are concerned, but so hard on the unsheltered. Quickly are the school buildings opened and shelter given to them, and oh how thankful they are!

And so we spent the night. Early the next morning—taking the three ladies—I returned to Karuzawa—leaving Mr. McCoy, who had been joined by

### Dangerous colds

Give them immediate attention. Apply Sloan's gently without rubbing. It sends to the congested region the fresh, new blood that alone can clear the passages. The oppression on the chest passes off. Soon the threatening cold is gone. Get a bottle from your druggist today—35 cents. It will not stain.

Sloan's Liniment—kills pain!

Mr. Hendricks—at the school. We came out of Tokyo on the first rush of the refugees when 100,000 a day poured out of the city. We reached Karuzawa all right, though it was an experience to get up to that time, but which I have had, shuddering brought the ladies back all right I expected to return at once to Tokyo, but the authorities refused to let us go. So we waited until Mr. McCoy returned and then together we went back to the capital—accompanied by Mr. Watson. Mr. Creighton also had gone to Tokyo. It is 17 days since the earthquake and now we can tell you something definite about it. Tokyo and Yokohama both lie in ruins—overnight, as it were, hell broke loose and brought its worst. Fire and earthquake have laid in ruins the very heart of the Japanese Empire. Seventy-one per cent of all the houses in Tokyo have been burned; 68 per cent of its people are homeless. It is worse in Yokohama for only two buildings stand of the city. A few years ago it was the leading port city of our empire. Both cities look like cities that had been shelled and then burned. We have indeed been made to pass under the rod of chastening. But were the property all it would not be so terrible. The lives that have been lost! How many? No one knows and perhaps no one ever will know. But up to today almost 90,000 bodies have been burned in Tokyo and then some still remain. Yokohama's loss is perhaps 200,000. The scenes are too horrible to paint. Under fallen buildings for modern brick, stone, and other buildings crumbled without a moment's notice—hastily killed were hundreds and these were happily killed—for the fire followed immediately—breaking out in 35 different places, and by burning was the lot of thousands—and to-day there still lingers over the desolated cities the odor of burning flesh. All of the horrors cannot be told—they are almost beyond imagination—no one would ever see them again. In one place in the most crowded section of Tokyo 32,000 people in one mass met death by suffocation—and burning—their bodies piled high one upon another.

In another section a hundred or more had taken refuge in a small park, there they had sought safety in a trap. In another section the fire came from behind. There was nothing but the river in front, and hundreds, perhaps thousands, preferred to drown than to turn. In another part, an overcrowded bridge, it falls, and all perish. So the river is the horror of all cannot yet be fully felt even by those who saw it. Yet the spirit of the nation has remained triumphant. From all and every part of the empire help is coming and slowly but surely the work of reconstruction has already begun and will be carried on. And the nations of the world have responded nobly—none so much so as our own beloved America—and everywhere on the lips of Japanese can be heard praises and appreciation of the nobler part of our kind in playing in the hour of this stricken nation. A greater Tokyo is planned—barracks are being built everywhere—more than a million and a half of people have been sent to their homes and the homes of relatives in the country. Streets are being cleared, and everywhere, and one meets with nothing but the greatest consideration from every one about him.

But the work of reconstruction will not be easy. The winter months are coming on and there will be severe suffering for thousands. What we fear most is the epidemic that seems inevitable. Steps are being taken to combat it, but so one dares to hope that we will escape it. If we do it will seem like a miracle. Thousands of bodies lay for days unburied, when it was possible to care for them near them—so there has been an imperfect cremation in many cases. The canals and waterways have been polluted and so we can hardly escape some kind of an epidemic during the coming months. Yet we and our country will meet this with the same high spirit and courage with which they met the earthquake and the fire.

The loss to the Christian movement has been tremendous. Many of the 120 churches in Tokyo have been destroyed—many of them the property of dollars. The American Episcopal Church, the Baptist Christian work is wiped out. Missionaries have lost their homes with all they possessed. As one said: "You have a funny feeling when you come home and are unable to find the key to your home, but it is a stranger feeling to have your key in your pocket and not to be able to find your house. Schools, social settlements, orphanages, hospitals, day nurseries—everything is gone! The property loss is in general the willows of dollars. The American Episcopal Church, the Baptist Church, and the Catholic Church, seem to be the heaviest losers. The loss of life among the missionaries has been small. Miss Kuyper, of the Reformed Church in America, perished in the ruins of Feris Seminary in Yokohama. Miss Lucy and Miss Miller, of the Y. W. C. A., were caught by falling walls in Yokohama and perished, while seven Catholic Sisters perished. In all more than 100 foreigners were lost in Yokohama while, so far as we know, only one in Tokyo.

About our own mission property and missionaries. Our school buildings, mission homes, and churches were for the most part in parts of the city untouched by the fire, though badly damaged by the earthquake. It will be necessary to erect two of our churches and one of our schools—the Matsue Chh Primary School. The roofs of mission homes will all have to be repaired, also many rooms in them, for plaster fell in great quantities. Chimneys will have to be put up, etc. But comparatively we

suffered but little, yet we will need about \$15,000 to put our property in condition so that it can be used. Then, too, we will have suffered so severely. This experience has drawn the Christian community closer to each other. We are all one in facing the future and we propose to join all of our hands together for the good work of rebuilding the kingdom of God in these two centers. Undoubtedly many Christians have been lost. Hundreds of others have lost their homes and all their possessions

and for the winter months that are to come there will necessarily have to be much relief work done. Here I refer especially to work among the Christians as such. In this work we will undoubtedly have to have your aid and we know that you will help us all that is in your power.

Cordially,  
Mr. and Mrs. T. A. Young.

All eligible voters, not already registered, must go to the polling place in the precinct in which they live and sign the books if they desire to participate in the ballot on Tuesday, November 6, when municipal officers will be chosen and various state referendums and questions of bond

issues will be submitted for the decision of the electorate. The polling places throughout the city will be open tonight from 4 to 9 p. m. and from 8 a. m. to 2 p. m. and from 4 p. m. to 9 p. m. The county election board will keep its office in the Kricker building open on Monday, Nov. 5, the day before the election, for the purpose of issuing transfers to persons who have moved from one precinct to another and for such other matters as may come up for consideration, but new registrations can not be considered at that time under the law.

## SOCIETY

Mr. and Mrs. Thomas Baker entertained on Wednesday evening relatives for a family reunion in honor of Mrs. Cloyd Dailey and children of Akron, who are here for their first visit in three years. Dinner was served at six o'clock. Mrs. Dailey was given quite a surprise when, upon lifting her plate she found a \$10 note under it as a gift from the guests present. These present were Mr. and Mrs. William Albertson; Mr. John Albertson, Mrs. Cloyd Dailey and children Eva and Morris; Mr. and Mrs. Charles Vasey and children, Naomi and Irma; Mr. and Mrs. T. E. Harris and children Irene, Walter, Forrest, Orville, Homer, Henrietta, Lester and Rosalie; Mr. and Mrs. John Lintz and children Nellie, Dorothy, Cecil, and Gertrude; Mr. and Mrs. Thomas Bickert and children, Sherman and Helen; Mr. and Mrs. Ferman Everlin and son Harold; Mr. and Mrs. Walter Siler; Mr. and Mrs. Edgar Albertson; Mr. and Mrs. Thomas Baker and children Betty, Ruth and Joan Eleanor; Miss Lillian Locher, and Mrs. Emerson Doty.

Members of the Portsmouth Little Theater held a very interesting and instructive meeting last night at the Public Library, beginning at 7:30 o'clock.

A number of the members and applicants wishing to join the movement were present.

The very pleasantly enjoyed and capably rendered program included two groups of songs presented by Miss Helen Matthews:

(a) "Sing Me a Song of the Land That Is Gone."  
(b) "The Bird With a Broken Wing."  
(This song was written for Helen Miller.)

(a) "The Crystal Gazer."  
(b) "Rockin' in the Wind."

The much-talked-of Harvard prize class play, "You and I," was discussed, and a synopsis studied. It is hoped that it may be adapted for local presentation.

The young people present joined in a minute, under direction of Mrs. H. H. Eades.

It is planned to present several programs this season.

Portsmouth, Ashland and Huntington Golf Clubs have teams in the tournament.

**GAS IN THE STOMACH IS DANGEROUS**

Recommends Daily Use of Magnesia To Overcome Trouble Caused by Fermenting Food and Acid Indigestion

Gas and wind in the stomach accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion."

Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastritis accompanied by various stomach ulcers. Food ferments and sours, creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart.

It is the worst of things to get such a serious condition or to treat with ordinary digestive aids which have no purifying effect on the stomach acids. Instead get from any druggist a few capsules of Eucalyptus Magnesia and take a teaspoonful in a quarter glass of water right after eating. This will drive out the gas, wind and flat right out of the body, sweeten the stomach, neutralize the excess acid and prevent its formation and there is no sourness or pain. Eucalyptus Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

Creomulsion is guaranteed satisfactory in the treatment of chronic coughs and colds, bronchial asthma, catarrhal bronchitis and other forms of throat and lung diseases, and is excellent for building up the system after colds or the flu. Money refunded if any cough or cold, no matter of how long standing, is not relieved after taking according to directions. Ask your druggist, Creomulsion Co., Atlanta, Ga.—Advertisement.

"And what happened then?"

"The crazy man opened his eyes, and got up. He said we must run to the shore, and find a boat. But I knew the woods and the house, and I wanted to stay where we were. He wouldn't let me. He was young and pulled me along. I'm afraid of the water at night, and I screamed. Then he swore, and let me go."

"You say you knew that old house?" Bristow's tone was casual, but very winning.

"Yes, I wanted to go in it. But he wouldn't. He called it a trap."

"Didn't you live there once?"

"I don't know." Her forehead creased, as if the effort to recollect were painfully difficult. "But," positively, "I do know that house some way. There's a big attic full of boxes. It was used to dry the fish. Still I was glad to get home. Only, lowering her voice, and looking apprehensively toward the door, "she was cross. I don't like her. I hate her. Why don't you send her away, and let me stay with you?"

"You're not usually so spry," she said sourly. "What did you fix your hair that way for?"

"Hope affected astonishment at the question."

"Why, I always do it this way," Anita smiled, but seemed unable to take her eyes off the girl.

"Eat your breakfast," she said peremptorily, and walking over to the window stood with her back to Hope, looking out on the rain-soaked garden, biting her raw lip in absorbed cogitation.

Finally she turned, as Hope was finishing her coffee.

"I'll get your pencil and paper for you."

Hope objected, pushing out her hair restlessly.

"I never want to see them again," she said. "What would I do with pencil and paper? I have no one to write to."

Miss Copley gave her another long look, a peculiarly sinister one this time, and left the room.

A little later, Dr. Bristow knocked, unlocked the door, and came in. He was tubed and dressed with his usual meticulous care, but he had not been able to obliterate the traces of worry and fatigue. He looked even more worn and harassed than Miss Copley.

As she saw this, Hope's eyes brightened, her color bloomed.

"Good morning," he stood gazing at her from under his heavy brows; the searching, enquiring glance of the hard dissection.

"It was tired last night, but I feel as fresh as paint this morning." Her tone was buoyant. "I remember things."

His remarkable eyes pierced her through and through, and inquisition; but she bore it unflinchingly.

"That's good," he said with an effort at heartiness. "What do you remember?"

"I remember going away with that crazy man. He told me not to go in to supper, to stay on the porch and wait for him. Then he took my arm, and ran down the steps and jumped into the car. I took the chauffeur's place. I don't know why. I didn't know I could drive. But I can," delightedly. "It's as easy as that."

She turned her head over, and "And I knew all the roads as well as if I'd been over them hundreds of times."

He rubbed his chin, still studying her.

"Did any one stop you?" he asked so suddenly, that if he had not been on guard it might have confused her.

"Yes; two men. They ran their car in front of us, and one of them came back. The crazy man told me to say, 'I was Miss Copley. I am, too; Veran Copley. But the strange man thought I was Anita and gave me a package. The crazy man wouldn't let me keep it. He put it in his pocket, and told me to drive to the shore.'"

"Oh; it was fun! He said there were people after us, and I mustn't let them get us. And then we heard some one coming, and he told me to turn off, and we ran into a tree and

she came nearer, coaxing, entreating, her lips adorably pouted.

"You're so wise and kind. I like to be with you. I like to look at you. You wear such beautiful clothes. You wear such beautiful clothes."

She stroked the sleeve of his coat, as if its touch gave her a luxurious pleasure.

"And your neckties. That's the loveliest black pearl I ever saw." She touched it with her finger, and bent closer, so near him that her hair brushed his cheek.

A glorious creature! Bristow's breath came a little faster. Young, lovely, rich. How could he have been so blind, so obtuse to the possibilities of the situation?

And at this moment, Anita Copley chose to return to the room.

She stood inside the door, glancing from one to the other, varying emotions depicted on her face. Surprise. Suspicion deepening to comprehension. And then jealous anger.

Hope laughed gaily, and clung to his hand. He suddenly released himself and left, without another glance at Anita.

sanitarium, an old man in a worn velvet dressing-gown.

At twenty minutes after three, Bristow and Anita Copley came in together.

An ill-suppressed hysteria showed under Anita's efforts at composure.

Higgins peered at them through his heavy-lashed spectacles.

"You're late," he croaked coldly. To his valet he gave a curt order: "Get out."

"Sorry," Bristow said, but I had to wait for that potter, Morton. He very seldom leaves the place, but to-day of all days he chose to depart on some errand of his own, and staid over two hours. The time passed excitingly, though. Anita, contemptuously, "saw fit to become temperamental."

"Humph!" the old man granted unenthusedly. "You damn fools don't understand that this is no time for child's play. We're in a bad fix, I tell you. A damn bad fix."

"I don't see it," Bristow said coolly. "We've got the girl, and Kelsey's very happily drowned."

"And our hundred thousand in Liberty bonds along with him," mumbled the old man wryly.

"We'll get that back," Bristow spoke with consistent confidence. "The moment the body's recovered, I'll hear of it and be on the spot. Don't think that any life guard or clam digger can get away with that envelope. If I can manage to lay hands on it myself, I'll see that it's turned over to the Coroner. I've al-

ready informed him, that Kelsey robbed my safe when he made the attack on me."

# Independent Candidates To Make Strong Bid At The Coming Election

COLUMBUS, Ohio, Oct. 18 (By the Associated Press).—Municipal elections in Ohio in November will be noteworthy for the appearance of independent candidates for mayor of fifteen in the more important cities, according to a survey made by The Associated Press. Only a few cities of those in which data was gathered reported that the Ku Klux Klan was a factor in the election with data.

In Akron, Fred Yoes, who says he is a former official of the local Klan, is running for mayor on an anti-Klan platform.

In some cities, the independent candidates have made public declarations that they do not belong to the Klan and are not endorsed by it. Columbus has an independent candidate for mayor, Toledo has a Socialist trying for the city executive post, one of the main planks of whose platform contemplates the doing away with the city street car system and the substituting of motor bus lines for it. Hamilton will have an independent candidate for mayor, and former Mayor H. H. Vogt, of Massillon, who was removed from office by Governor Donahue recently, leads up entire independent ticket there.

Women will make a greater appearance this fall in the contest for offices. They will run especially for council posts and the like.

A brief resume of the political situation in the more important cities of the state follows:

**COLUMBUS**—Mayor James J. Thomas, Republican, who is seeking re-election, is opposed by a ticket of three—two Democrats and an Independent. W. L. Milliken is the "regular" Democratic candidate; John T. Adams is the other aspirant of that party. Randolph W. Walton, former state officeholder, a Progressive, is the independent candidate for mayor.

So far, the Ku Klux Klan has not participated in the campaign.

**YOUNGSTOWN**—There are six candidates for mayor here, one of whom, Charles Schaefer, has been endorsed by the Ku Klux Klan.

W. J. Williams, another candidate for mayor, and Lawrence, as the "father" of Youngstown's new charter, has asserted that the "Klan issue" has been forced upon the six candidates, and has declared he would fight for "government by the free and open choice of American citizens instead of by the dictates of an infamous secret order."

**TOLEDO**—Three candidates for mayor are campaigning here. Mayor Bernard F. Brugh, who is seeking re-election, is citing the record of his administration. Vice Mayor Ed Cullen is running on a non-partisan platform, and Solomon P. Klotz is running on a strict Socialist platform. Cullen has the endorsement of the Labor Congress. One of Klotz's platform planks advocates the doing away with the street car system as a means of transportation and the substituting of motor bus lines.

Mayor Brugh has denied membership in the Ku Klux Klan in answer to charges of Cullen's supporters.

**CINCINNATI**—This is an off-year election in Cincinnati. No union officers are to be voted upon and the campaign has been devoid of "issues."

**CLEVELAND**—The major issue in Cleveland's forthcoming election centers around the selection of a city manager—that plan of government goes into effect January 1. Council will choose the municipal head and 27 members of that body from four districts will be elected in November.

Republicans and Democrats are making slates for councilmanic candidates. Nine municipal judges and a clerk of municipal court also will be elected. The Citizens League, recently formed, with Mayo Foster as director, is taking an active part in the campaign.

The fight over the city manager probably will revolve around the question of whether he is to be a Cleveland or an outsider.

**HAMILTON**—Interest in the November election is centered on three candidates for mayor, Harry J. Koehler, Jr., Democrat, incumbent; Howard E. Kelly, Republican, and Fred A. Hinkel, Independent. All three have been in former contests for the office.

**AKRON**—The campaign for municipal offices in Akron this year promises to be one of the quietest in years. Mayor D. C. Rybolt has been re-nominated by the Republicans. His Democratic opponent is Robert A. Myers.

Fred Yoes, an Independent, who says he is a former official of the local Ku Klux Klan, is running on an anti-Klan platform.

Mrs. Ed Connor is a Democratic candidate for council.

**WARREN**—The Ku Klux Klan has endorsed several candidates here. Willard S. Eastwell, said to be endorsed by the Klan, is being opposed by George J. Henry as a candidate for president of city council. Mayor John D. McBride, Democrat, is seeking a third term as the city's chief executive and is being opposed by J. H. Marshall, who is said to head a "Klan ticket". There is one woman candidate for city auditor.

**CANTO**—There are no independent candidates for election in any municipal office in Canton. The race for mayor will be between C. C. Curtis, Republican, and H. August Smith, Democrat. Curtis is seeking re-election and so far no issues which might be declared important have arisen.

Mrs. Coran Steel is a candidate for council, and Mrs. Ruella Ford for the board of education.

**MARIETTA**—William M. Sparrow, who, two years ago, was defeated for a second term after serving twice as mayor, is the Democratic candidate in the mayoralty race. John M. Starling, former school principal, is the Republican candidate.

Each of the party tickets contains the name of one woman candidate. Glendon McCall, city auditor, is seeking re-election on the Democratic ticket, and the Republicans have a woman candidate for council.

**MARION**—The election of three members of the board of education here promises to develop as lively a battle as the mayoralty contest. Mayor George W. Neely, Democrat, is trying for re-election. The Republican candidate is the Rev. M. L. Buckley. There is one Independent candidate, E. E. Taylor, owner of a gasoline filling station.

The school board has drawn considerable criticism by laying off about fifteen per cent of the teachers, and by cutting teachers' salaries about ten per cent, and by ousting Dr. H. R. M. Vay as superintendent. There are five board members and the election will change the policy entirely, if certain candidates are successful.

WASHINGTON, C. H.—There will be a three-cornered fight for the mayor's office here. Col. Rell G. Allen, former mayor, is running on an Independent ticket; Henry Brownell, prominent business man, is the Republican nominee and Peter Tracey, present service director, is the Democratic candidate.

**IRONTON**—A Republican, a Democrat and an Independent are candidates for mayor of Ironton. Most Ku Klux Klan candidates, according to local politicians, were defeated at the primaries, and the organization is not expected to exert any influence of magnitude.

Col. T. H. B. Jones, who was warden of the Ohio Penitentiary under Judson Harmon as governor, is the Democratic standard bearer. The Republican candidate is Harry H. Jones and the Independent, Charles Bick.

Voters are apathetic towards the campaign.

**MASSILLON**—Herbert H. Vogt, ousted from the office of mayor by Governor Donahue last spring, on charges of malfeasance and gross neglect of duty, will head a complete independent ticket at the November election. He will oppose Mayor M. P. L. Kirchhofer, Democrat, who was elevated to the mayoralty when Vogt was removed and Harry O. Curley, Republican, is the Independent candidate.

Miss Irene Reimold, clerk of municipal court, is a candidate for re-election on the Republican ticket.

**FINDLAY**—Two independent candidates for mayor are in the race here, in addition to the two old line party candidates. One is Ensign Claude B.

**LORAIN**—Lorain voters will choose from William F. Grall, Democrat, present Mayor; George Hoffman, Republican and Harry Stapleton, Independent at the polls in November.

Many observers look for the Ku Klux Klan to be projected as an issue.

**ZANESVILLE**—In this city, interest in the coming fall election centers on the fate of two special tax levies, a proposal to raise an additional three mills for city schools and 2 mills levy for the city general fund. Without these levies, the schools and the city will not have funds to meet payrolls.

City offices to be filled at those of auditor, three members of council, a

member of school board and ward assessors.

**OTTAWA**—E. C. Kuntz, of Leipsic and his wife are cast on two different municipal tickets here. Kuntz is a Republican and his wife is of the Democratic faith. He was a candidate for member of the board of education, but withdrew when his wife said she was going to make the race for that office on her ticket.

Kuntz then came out as a candidate for the board of trustees of public affairs. They say they will vote for each other.

## EVERSHARP is matched by WAHL PEN and nothing else!

Eversharp is a basically correct mechanical pencil. Its construction is simple. There is no complex mechanism to get out of order. Therefore, it works perfectly. Carry two—one filled with the new colored lead.

No other pencil can give you Eversharp service—for Eversharp features can't be copied. The exclusive rifled tip prevents the lead from wobbling. The automatic index tells the length of lead in the barrel. Pull off the cap, and you find an eraser; unscrew the cap, and there is a magazine well filled with leads—an ingenious arrangement.

The worthy companion of Eversharp is the all-metal Wahl Pen. It is a great fountain pen improvement. It can neither crack nor break. It will not wear out in a lifetime. And it holds considerably more ink.

Eversharp and Wahl Pen are matched in exquisite design, and are made in gold and silver. Wahl Pen, \$4 to \$10; Eversharp, \$1 to \$10—higher, of course, for solid gold. Buy both, and look for the name on each. See also the Wahl rubber pens. \$2.50 up.

# U. S. Grand Jury Indicts Six Scioto County Men

Six Portsmouth and Scioto County men were among the persons against whom the grand jury in the United States District court in Cincinnati, in its final report to Judge Smith, indicted returned indictments charging violations of the National prohibition act.

Harry Malone, West Side man, and Frank Bostwick, Front street young man, are charged with violating the dry law by possessing liquor, and John Rayne, James P. Cobb, William Estep and Jay White are accused of conspiring to violate the Volstead act.

All of the six defendants were caught by Federal Agent F. W. Rekey and county officers, and all except Malone are confined in the Hamilton county jail. They will probably be arraigned on the indictments within the next day or two.

## Crabbe May Run For Governor If Donahey Is The Democratic Nominee

COLUMBUS, O., October 19.—(By the Associated Press)—Attorney General C. C. Crabbe may be a candidate for the Republican nomination for governor if indications should point to the re-nomination of Governor Donahey by the Democrats and radical changes are not made in the administration of the welfare and securities departments, he stated today.

He authorized the following statement concerning his possible candidacy:

"If later on, the indications are that Governor Donahey should be the Democratic nominee and there have not been radical changes in the conduct of the welfare department and the securities department, I may decide to be a candidate (for the Republican nomination for governor) and if I am a candidate, the people in every county and town of this state will be given first hand information as to conditions of these two departments."

The attorney general denied that he had made a statement in Cincinnati during the legislative session there a few weeks ago that he would not be a candidate. His statement today concerning his possible candidacy was made in answer to a direct question as to whether he intended to enter the race.

It also became known on what is considered trustworthy authority that James A. White, superintendent of the Ohio Anti-Saloon League, is going into the race for the gubernatorial nomination. It is not expected, however, that both Crabbe and White will enter the race as they would split the dry vote, considered by each their chief strength, and thereby open the way for the nomination of a liberal candidate should one enter the race.

## Expose Plot

been given in bribes since the conspiracy originated.  
Barring of the alleged conspiracy revealed a "shocking and sensational state of affairs in New Jersey and possibly Pennsylvania," Mr. Hayward said. "State and other officials, politicians and persons high in social standing were in league with the bootleggers' conspiracy."  
Attorney Hayward filed a telling charge directly into New York City yesterday when he filed injunction suits to close illegal wet saloons and cabarets. He said he had a locality card of some 1,100 open saloons, estimating that there were probably more than 2,000 in Manhattan and Bronx alone.

Edwards' Aide Here.  
It was stated that a regular weekly bribe of \$4,500 was accepted by one of the agents before making the arrests today.  
The men arrested are J. Harry Folsom, former secretary to Senator Edwards of New Jersey when the latter was governor, and now state superintendent of Weights and Measures; Herbert Katz of the Patterson Brewing and Malting Company; Edward Butler of the Peter Breidt Brewing Company of Elizabeth, N. J.; Harry Kilder of the Hyslop Brewing Company, Passaic, N. J.; George Seiler of the Rising Sun Brewing Company, Elizabeth, N. J.; Henry Greenfield, a prohibition agent; Emanuel Eisenberg, a truckman and warehouse man; Herman J. Goldman, Theodore L. Schwartzman of the Herman Clinical Company, Brooklyn, N. Y.; William Nathan of Hoken, N. J., and Dr. Leo Zakaroff.

## Conspiracy Is Charged.

All are charged with conspiring to give bribes to influence the conduct of prohibition agents. Specific charges against Goldman, Schwartzman, Eisenberg, Greenfield, Nathan and Zakaroff involved giving money to permit the transportation and sale of alcohol to be rectified into whiskey and other alcoholic beverages.  
It was explained that denatured alcohol was re-distilled into grain alcohol and used for manufacture of whiskey that grain alcohol which was to have been denatured was instead used to make whiskey and that money was paid to permit these practices and to protect those carrying them out.  
The charges against Folsom and the four officials of the breweries alleged that they had paid bribes to Federal agents to permit them to flood New York and New Jersey with beer of high alcoholic content.

## Huge Total of Bribes.

With the \$4,500 received by Federal agents today, the total of bribes seized by the government forces and confiscated was \$84,500, according to U. S. Attorney Hayward, who estimated the total given in bribes since the conspiracy originated was about \$700,000.  
Mr. Hayward said hearing of the alleged conspiracy revealed a "shocking and sensational state of affairs in New Jersey and possibly Pennsylvania." State and other officials, politicians and persons high in social standing, he said, were in league with the bootleg conspirators.  
He declared he was powerless to act against these corrupt officials, except insofar as they came within his jurisdiction, but he said he intended to submit all his findings to Attorney General Daugherty for direct action.

## Probe Covers Month.

The investigation, it was stated, began in June when reports came to Washington that the prohibition law was being brazenly violated and that an attempt was being made to cover them up by wholesale bribery. General Prohibition Agents Grill and Duncan came to New Jersey and began an inquiry. Immediately they said they were approached by bootleggers who assured them "they could get rich quick" if they would be "reasonable."  
In August special agents Roche and Ballard, of the special intelligence unit of the Treasury Department joined Grill and Duncan. All pretended they were corrupt.  
While the agents collected the \$84,500 in bribes, they saw that other bribe collectors were reaping a harvest of money on promises that they would establish connections in high places in Washington with people who would make beer running and selling absolutely "safe."  
Most of the money, the agents found, went into the pockets of the collectors and prohibition whose pretensions of influence in high places were false. Bribes accepted by the agents ranged

from \$100 to \$6,000; some of the go-betweens received as much as \$20,000.

## Legion

(Continued From Page One)  
several hours and resulted in the adoption of the "Michigan" anti-Klan resolution which does not mention any organization by name.  
Nine hundred and thirty-three delegates voted for the "Michigan" resolution after the convention had overwhelmingly voted down a resolution the Oklahoma delegation introduced to offset a denunciatory resolution offered by Charles F. Kendrick of San Francisco. The Kendrick resolution also lost, 515 to 142, and Kendrick accused the legion of "pussyfooting on the Klan question."

## The Exact Wording.

The resolution was as follows:  
Resolved, by the American Legion in convention assembled that we consider any individual, group of individuals or organization which creates or fosters racial, religious or class strife, among our people or which takes into their own hands the enforcement of law, determination of guilt or infliction of punishment, to be un-American, a menace to our liberties and destructive of our fundamental law and be it further resolved,  
"Resolved, That we consider such action by any individual groups or organization to be inconsistent with the ideals and purposes of the American Legion."

When Major Kendrick accused the legionnaires of pussyfooting on the Klan question he announced that he was there "to tear the mask off things and see just what we are."  
"Far be it from me to inject into this convention a religious issue," he said. "However, much as I desire that such not be the case, there is a religious issue here and there has been one for more than two years. The only way to meet the issue is to meet it squarely, meet it face to face, the same as we met other issues in times gone by."  
"Let's Tear Off Mask."

"We cannot pussyfoot in this organization and get anywhere. Let's tear the mask off things and see just what we are."  
"Let me read to you a telegram received recently by Lindsay's business from Houston, Tex., a man who served with me for two years on the Americanism commission and with Commander Owsley. When this issue came before us, we recognized it was the most insidious and a vicious one, and here is Lindsay's message:"

"Congratulations in the name of thousands of Protestant veterans for your stand against this un-American organization. Former post here of 3,000 now a few hundred on account of this issue. America is ready for some other organization standing for fundamentals unless the American Legion gets off the fence."

## Pro-Klan Man Speaks.

W. W. Whitney, spokesman for the Oklahoma pro-Klan delegation, warned the legionnaires that the press of the country was trying to split the legion on the question of the Klan. He said:

"This question has been brought insidiously before the convention for two different years. I see in it the life or the death of the legion and my position is that we want hands off, irrespective of what any man may think or believe in religion or politics, the basis of this resolution for membership in this legion is service."

A resolution asking that the convention use every possible means to obtain the enactment of legislation to renege Sergt. Samuel Woodruff of Fort Thomas, Ky., a hero of the World War, as a captain, was unanimously adopted.  
St. Paul was selected for the sixth annual convention in 1924. Paris, France, was recommended as the convention city in 1925, on the tenth annual anniversary of the signing of the Armistice.

## Tax Cut

(Continued From Page One)

To propose a reduction of taxes will incidentally have the effect of checking a plan for a time at least the bonus question, if indeed, the bonus supporters revive the kind of bill they had last time. An effort will be made by the administration to put through a bonus bill that takes into account some of the various plans suggested last year but which does not require so heavy a drain on the cash of the Treasury at this time.

Politically it will be interesting to watch the evolution of the tax program alongside the bonus measure. If the latter means a large expenditure tax revision will not be possible. So while the Democrats themselves will provide enough votes together with the Republicans to pass a bonus bill and even make it a law over a Presidential veto, if Mr. Coolidge should be against it which is doubtful, the Republicans will be the ones embarrassed if the passage of a bonus bill kills tax revision. The Democratic campaign cry will be "reduce taxes" and opponents of Republican members of the House and Senate will find that issue raised largely because the impression has been sent broadcast by administration spokesmen themselves that taxes could be reduced.

Which will furnish more votes—the bonus or tax revision? Statistics from the Internal Revenue office show that the taxes of the nation are paid by more individuals than would receive the bonus, but the difference is that the bonus supporters are organized and the tax payers are not, and also not a few of the tax payers themselves would be recipients of the bonus. Very few members of Congress will dare to oppose the bonus in the coming session and the general

impression prevails here that unless President Coolidge takes a determined stand the bill is as good as passed now. This is believed to be one reason why Senator Smoot is trying to discourage talk of tax revision while Secretary Mellon who is against the bonus, is tempting the general public with a tax revision program.  
President Coolidge is determined to make a record on economy. He is said to be getting ready to present to the December session of Congress a comprehensive plan for reduction of expenditures and there are rumors that he will urge in general terms a reduction of taxes and will include also a bonus proposal that doesn't cost the government as much money as previous bonus measures.

Whatever position is taken by the President, there is bound to be a demand from the "radicals" for further tax cuts and this will give the political opponents of the administration both in the campaign before and after the National conventions opportunities for trouble-making. Taxes will be a major issue.

## Mueller

(Continued from Page One)  
contribution in the value of the mark, is a contributory factor which is destined to have a decisive bearing upon the further course of events.

Price Chaos Aggravated.  
With the dollar soaring around the nine billion mark today, a new period of price chaos is set in, and with it the government's helplessness with respect to the adoption of speedy reformatory measures became more emphasized.

The special situation growing out of the complete wreck of the nation's economic structure is making the Socialist party restive, in that it apparently the country was trying to cope with the clamor of the masses, whose cause is being espoused by the more militant of the Communists. This phase of the situation already is seriously reacting on the United Socialist party's attitude toward the coalition government, in which it is holding three cabinet posts; and as the party, as such, also is demanding the repeal of the state of emergency act in an effort to placate the rampant Saxons government, it is viewed as not improbable that the Socialist party will instruct its members of the cabinet to retire from the government.

Would Wreck Regime.  
Such an eventuality in all probability would wreck Chancellor Stresemann's present ministry, unless President Ebert in the emergency should give Stresemann carte blanche authority to wield his dictatorship without heed of party or partisan consideration.  
Hermann Mueller and Otto Wels, who are the traditional emissaries of the Socialist party when important assignments are decided

upon, today had a long conference with President Ebert. Representatives of the Socialists and Communists also have been conducting informal deliberations looking toward the creation of a "proletarian working alliance," although the Ultra Reds have put forward such extreme demands that the conferences have been postponed for the time being.

Cancellation Is Urged.  
Since the German Bolsheviks joined in the formation of the Saxony ministry, the previously existing line of cleavage has become considerably blurred and there is an insistent demand in the ranks of the Berlin Socialist that the central government forthwith assume a more conciliatory attitude toward Premier Zeigler and his Red Saxony regime.

By way of laying stress on its delinquency of the Berlin government the Saxony government today announced the appointment of two rabid Communists, Herr Boettcher and Herr Hecker, as Saxony's delegates to the Federal council. Herr Boettcher, who is minister of finance in the Zeigler cabinet, is a young Communist who has just returned from Moscow, where he is reported to have taken a "course of instruction" at the Soviet's fountain head.

The central government's failure to obtain even a small degree of accommodation from M. Doener, the French premier in connection with its program for a resumption of the Ruhr industries, also has a gravely complicated matters for the Stresemann regime, and official quarters

appear to be wholly without counsel or wisdom with respect to a solution for the problem of the Ruhr and the Rhineland.

## Borah Favors Drive For Tax Cut; Mellon Hopes Slash Of Burden

Good to the last drop

On state occasions—either festive or grave—the attention is often equally divided between the guest of honor and Maxwell House Coffee.

**MAXWELL HOUSE COFFEE**

WASHINGTON, Oct. 19.—Secretary Mellon in a letter to Senator Borah, Democrat of Georgia made public today, expressed the hope that Congress may be able to reduce taxes at its next session. Replying to an inquiry from the Senator as to whether any recommendations have been made for the repeal of the tax on telegrams the Secretary of the Treasury said:

"The tax program of the Treasury has not yet been finally determined. I hope, however, if Congress does not make any extraordinary expenditures a reduction in the burden of taxation can be made, and that the repeal of the war tax can be included in the program."

NEW YORK, October 19.—Senator Borah of Idaho, here for conferences in connection with the prospective coal legislation, today issued a statement favoring a drive at the coming session of Congress to reduce the nation's tax burden.

"I am very much in favor of tax reduction at this session of Congress," he said. "We cannot act too speedily so long as we act with information and intelligence. If the fearful tax burden now being carried can be relieved, as Senator Smoot, who is well advised as anyone, declares, to the extent of \$500,000,000, let us do so as soon as possible. The view expressed by Senator Smoot that the man of small income should be favored is good news also. But I think we ought not to be delayed. It is true probably that to attempt a change at this session will open up as stated, across the nation, a box of troubles. But the Pandora's Box of troubles already is open out in the country and we can afford to take on some troubles in order to relieve the country."

"Reduce, Reduce Now," Senator Smoot, with his usual industry

and ability, will urge his program and urge it at this session. If we do not begin an active campaign for reduction we will likely drift into a program of increasing the taxes. There will be plenty of plans to increase the burden. The best way to meet them is by an active program to reduce. Reduce and reduce now!" Senator Borah said.

### TELETYPE SYMPTOMS OF WOMAN'S ILLS

Every woman who suffers from headache, dizziness, dragging-down pains, nervousness, irregularity, displacements, irritability, or dependency should recognize in such symptoms some derangement of her system which should have attention before some more serious ailment develops. These conditions are often evidenced by a sallow complexion, dark circles under the eyes, hesitancy and indecision. For nearly fifty years Lydia E. Pinkham's Vegetable Compound has been pre-eminent successful in overcoming such conditions, and it is now recognized everywhere as the standard remedy for woman's ills.

his statement did not refer to the general tax reduction program being prepared by Secretary of the Treasury Mellon. He declined to discuss, at this time, any of the details of the proposed plans by which taxes might be shared, but said he favored heartily any plan which would relieve the man with a small income. While admitting that he had been in conference for several days over Federal coal legislation, he declined to disclose the identity of those with whom he discussed the subject or to express his views on that matter. He said he expected to return to Washington tomorrow.

## Conditions Of 1815 Would Exist Should German Unity Collapse

LONDON, Oct. 19.—Dr. Helder, socialist finance minister in the Dr. Stresemann's first coalition cabinet, contributes an article to the English weekly, the New Leader, in which he forecasts what would happen to Central Europe if German unity were destroyed.

In this event, he believes, Central Europe would be flung back to conditions that existed in 1815. He goes on to say:

"Social problems would give place to a struggle to recover lost nation-

ality at all costs and by any means. Germany would cease to be one of the principal work shops and one of the most important markets, the immediate result being a serious shock to the world's trade.

Members of all the world would suffer from a crisis of unparalleled duration and intensity, while the German-labor movement would be stopped for many years and among the broken ruins a militarist nationalism would become the dominant creed.

### Envoy Leaves Papers

PARIS, October 19.—The documents left with Premier Poincaré yesterday by Herr Von Hoersch, the German charge d'affaires, relate to abrogation of the coal tax by Germany and the orders given by the German government for the resumption of work by the employees and functioning of the Ruhr and Rhineland railways. M. Poincaré accepted the documents, saying he would have them examined by competent authorities, though not concealing his conviction that the lifting of the coal tax was intended by the Berlin government to embarrass the allies.

The coal tax being 40 per cent and the amount of coal required on the reparations account being only 20 per cent of the total production, just half the tax, the French point out, would have paid for the coal delivered by German industrialists under their agreement directly with the Franco-Belgian authorities. It was to make it impossible for the allies to avail themselves of this argument, it is thought in French circles, that Chancellor Stresemann did away with the coal tax altogether.

### Many Germans Apply

DUESSELDORF, October 19.—Thirty-eight thousand German railroad men in the occupied area applied for places under the Franco-Belgian railway regime yesterday. It was announced at the headquarters of the occupying force here, ten thousand applied at Essen, 6,000 at Magence, 15,000 at Treves, 2,000 at Ludwigshafen and 3,000 at Duren.

The applicants will be informed within a few days whether they will be employed or not. It is understood that only native Rhinelanders will be taken into the service for the present and that the French and Belgians will retain all the "directive" positions.

## System Was Run-Down; Tells Of Recovery

MRS. MINNIE LOOMIS

Mrs. Minnie Loomis, 1008 11th St., Ind., was in a badly run-down condition a few years ago. Her recovery is told in the following letters written voluntarily in tribute to the merits of Nacor, the standard medicine for asthma, bronchitis, coughs and colds.

"Dec. 11, 1916: Please send me a bottle of Nacor. My friends have advised me to try it."

"Jan. 4, 1917: I had a run-down system and suffered pain about four months before I sent for Nacor. I did not have any appetite but since taking about a half bottle of the medicine, I do not have any pains, have a good appetite and am just feeling fine. I can work all the time."

"July 12, 1917: Since taking Nacor the pains have entirely disappeared and I feel strong again. Have a good appetite and am in the very best of health. Am able to work all the time and never have any symptoms of trouble."

"Sept. 11, 1923: I am still feeling fine. If you would like to read about other recoveries from asthma, bronchitis, coughs and colds—write today for new booklet, 'THE HEALTH QUESTION,' containing photographs and other valuable information. ## Pennsylvania Railroad Charged With Attempt To Break Labor Associations

PHILADELPHIA, Pa., October 19.—(By Associated Press.)—The Pennsylvania Railroad and several of its officials are accused of conspiring to break the labor association of its clerks and freight employees in a bill in equity filed in the federal district court today by the Pennsylvania system board of adjustment of the Brotherhood of Railway and Steamship Clerks, Freight Handlers, Express and Station Employees.

## 8000 State Students To Ride In Auto Train And Some To Walk To Ann Arbor

COLUMBUS, O., October 19.—(By Associated Press.)—The vaudeville troupe of approximately 8,000 Ohio students who will follow the Ohio state football team to Ann Arbor tomorrow for the game with Michigan, is getting under way this morning. Automobiles bedecked with the Scarlet and Gray colors of the Buckeyes, and bearing various legends, predicting an Ohio victory, were passing through the streets and heading northward on state roads, especially marked by the state highway department as the route to Ann Arbor. Boy Scouts were posted along the route through Hancock county to warn of dangerous curves.

While a large proportion of the Buckeye rooters were expected to make the trip in automobiles, stopping over night in either Toledo or Detroit, seven special trains will be required to carry the others. The first of the trains will start early tonight with the team aboard, and the others will get under way later tonight or early tomorrow.

University students with limited financial resources were reported to be using various methods of transportation. Several were reported to have started out to walk, planning to accept "lifts" from automobilists whenever offered, while another party was said to have purchased a cheap used automobile in which to make the trip, planning to sell it again upon their return.

Coach Wilce expected to put his men through a last light workout late this afternoon. Practically all of his players with the exception of Nide, who will not start, were said to be in good condition. Hoge Workman, star halfback, and main cog in the Buckeye offense, has returned to Columbus, after being called to the Hamilton, W. Va. home, where his mother is said to be seriously ill. Her condition is reported improved and he will be able to accompany the team to Ann Arbor.

## SOCIETY

Forty members of Mrs. J. P. Smith's Sunday School Class of Trinity church and a few additional guests met for a happy occasion on Wednesday afternoon when they gathered at her hospitable home on avenue, to help her celebrate her birthday anniversary.

After extending happy felicitations to the gracious hostess, Mrs. Price led the devotional, after which the regular business of the class was taken up and disposed of, and the remainder of the time was spent socially, during which an enjoyable program was rendered.

Mrs. Mary Hayes and Mrs. Fannie Rice sang a very pleasing duet, entitled, "The Old Rugged Cross." Mrs. Rice followed with a touching eulogy of the class and its work since leaving the old Sixth Street church. In that time eleven of its members have passed on to their reward, Mrs. Tanner being the last one to answer the final summons. At the close of her address, Mrs. Price called upon the honor guest to rise, and in a few well chosen words, she was full of the expressive sentiments of the entire class, presented with a lovely gift from the members. ## Bean Soup Should Be Called Bean Soup!

Dining rooms on American liners should have their menu cards printed in English, says Congressman Fred Britton, of Illinois. He recently criticized the Ritz Room of the Leviathan, where the cards are printed in French. Here he is in a Washington hotel asking Aug. F. Moeller, maître d'hôtel, why hash should not be called hash. The waiter is neutral.

## Bank President Gets Thirty Years In Pen

DAYTON, O., October 18.—(By the Associated Press)—Pleading guilty of embezzling \$104,547.18 from the Cincinnati Banking Company, of Robert C. Patterson in common pleas which he was president, John J. court.

Preparations were made by Sheriff Howard Webster to take his prisoner to Columbus at once to begin serving his sentence.

The sentence is considered one of the most severe imposed in Dayton courts for the offense charged.

## Ohio River Improvement Offers Most To The Nation

CINCINNATI, OHIO, Oct. 18.—(By the A. P.)—That publicists, statesmen, manufacturers and consumers have declared the Ohio River to be the one stream the improvement of which at the earliest possible date offers the most to the nation as a whole in unlimited cheap transportation was the keynote to the resolutions adopted at the closing session of the Ohio Valley Improvement Association here today.

The resolutions also petitioned Congress "at its next session, to regard the early completion of the Ohio River project as a simple business and economic proposition and to appropriate not less than the sum declared necessary by the corps of engineers, U. S. Army, with author-

ity given said corps to contract for all the remaining work under the continuing contract plan."

One of the high lights of the closing session was the address of Theodore Brent, Federal manager of the Mississippi-Warrior barge line with headquarters at New Orleans. He said that the operations had greatly hampered by the red-tape of the government ownership and that the efficiency of the service could not be as great as though it were run under private initiative.

The old officers of the association were re-elected. They are O. F. Barrett, president of the Barrett Steamboat Line, president; W. C. Calkins, Cincinnati, secretary, and George Puelito, Cincinnati, treasurer.

Backfires were started in the path of the conflagration. Sparks, borne by the wind, were beaten out by shovels and bags before new fires could get beyond control. Smoke and heat drove the fire fighters back many times.

After help had been asked for from Cleveland and suburban fire departments, there came a shift in the wind and a steady rain which halted and finally smothered the flames.

It was estimated by Deputy Sheriff Lafferty, of Geauga Lake, that five square miles of country lands were laid bare by the fire.

Aside from the timber loss, estimated at about \$150,000, no other serious damage was reported.

Residents of Bainbridge, Solon, Chagrin Falls and Geauga Lake were roused from their beds by telephone

and joined in fighting the flames.

Timberland in the path of the conflagration, dried by the long fall drought, became a roaring furnace as the wind-driven flames gathered headway.

Farmers, driven from their homes by the smoke and the menace of the blaze, hustled their families to places of safety and organized to fight the blaze.

## My Own To Sub For Zev?

NEW YORK, Oct. 19.—My Own has been selected for Zev as the American representative against the British Derby winner, Phynx, in the \$100,000 International horse race at Belmont park tomorrow, the New York Sun says.

The air was thick this morning with rumors concerning the contest. It was said Zev was developing a naturally astute to the mangle, but this was not confirmed.

The crop of rumors rose upon announcement yesterday that My Own, owned by Rear Admiral Grayson, had been ordered here from Laurel, Md., to be held in readiness as a substitute for Zev.

## No Trace Of Missing Broker

SAN DIEGO, CALIF., October 19.—(By the Associated Press.)—Devel, comments in the search for George E. Schick, prominent San Diego real estate man, missing since last February, centered today about the discovery of what was thought to be blood-stained fragments of underwear found at the former Schick home here. A chemical analysis will determine whether the stains are human blood for comparison with a specimen of Schick's blood. A local physician is said to have taken in a medical examination.

Officers have examined the house at El Cajon, where Schick's wife and E. Drew Clark recently were arrested on a charge of forging Schick's name, and another party of detectives visited an old cemetery above the town. Lower California, with the object of exhuming the body of an unknown man who was found about March 9. As the body apparently had been in the river for three weeks, the date of death seemingly coincided with the disappearance of Schick. Mexican authorities would not permit the exhumation.

An old shoe found in the rear of another house here formerly owned by Schick may lead to excavations there if the shoe is identified as having belonged to Schick.

Meanwhile, the district grand jury, which was in regular session when Schick's wife and Clark were arrested Tuesday, examined Mrs. Schick. Clark was before the jury early in the day.

## Start Digging To Get Into King Tut's Tomb

LUXOR, EGYPT, October 19.—(By the Associated Press.)—Preparations for lifting the 2,000 tons of earth, stone and wooden jels that now rest over the tomb of Tutankhamun, are proceeding apace. Howard Carter and his American associates, Messrs. Candler and Burton, have re-established themselves in their lonely concrete domiciles at the entrance to the Valley of Kings, and have made a preliminary survey of the work that must be done before the inner tomb believed to contain the mummy of the Pharaoh can be opened.

The archaeologists estimate that at least a fortnight will be required to clear away the vast heap of rubble that now shields the king from the outside world. It is possible that a narrow gauge railway loaned by the American Archaeological Mission will be used to hasten the work.

Nearly one hundred of the native excavators who helped Mr. Carter uncover the tomb last summer have been re-engaged at stipends which make American union wages look like fortunes. Each digger is to receive twelve cents a day with a slight bonus at the end of the season if the Pharaoh's body is found within the sarcophagus. Most of the laborers

are boys, but some of them are grown men who support two or three wives on this slender remuneration. It is probable that Pharaoh Tutankhamun will be undisputed for many weeks, as the dismantling of his multiple tabernacle of gold will require the most painstaking labor and skill.

The delicate parts of the outer and inner shells will have to be treated chemically and the utmost care to guard them against breakage. In addition to this entire wall shielding the sepulchre from the other chambers probably will have to be demolished so as to permit the archaeologists sufficient room in which to work.

Mr. Carter is still sanguine that the body of the king will be revealed just as it was buried. It is possible that when the labors of the season are over, the Egyptian government will arrange to place a large glass slab over the sarcophagus so that visitors from all parts of the world can see what will probably prove to be the most perfect example of royal mummy ever discovered.

### The Giants' Dying Gasp!

Big Jack Beutler, whom many believe may develop into the Babe Ruth of the National League, went in for the Giants as a pinch hitter in the last inning of the sixth and final game of the World's Series. He went out soon thereafter on an infield grounder. This shows him in the last play of the series which the Yanks won handily. Umpire Nallin has called the out and is hoofing it for the dugout where he will remain throughout the winter.

### Zev Develops Skin Disease; May Not Be Able To Race Papyrus

NEW YORK, October 19.—(By the Associated Press)—Zev has developed a skin malady which may prevent the Rancocas colt from carrying America's colors in the \$100,000 race with Papyrus tomorrow, it was learned today. The Jockey Club's race committee, however, after inspecting the horse, indicated it would withhold decision pending the arrival of My Own, which has been shipped here prepared to take Zev's place, if necessary.

The malady affecting Zev has assumed the proportions of an epidemic at Belmont Park where three burnings have been hit and every precaution is being taken to prevent it reaching the stable where Papyrus, the English Derby winner, is located.

How seriously Zev has been affected could not be learned. The colt was worked a half mile in 47 3-5 seconds by Jockey Laverne Foster, this morning, but Trainer Sam Hildreth admitted he was worried over his

charge's condition. The untidy affecting Zev and other horses at the Belmont track was said to be similar to a disease which has cut short the racing of several noted horses. Among them was Incheape, \$150,000 imported colt, which was destroyed some time ago in a fire that swept the Rancocas stables.

While general belief prevailed that My Own would be chosen instead of Zev to race Papyrus, it was recognized that the Jockey Club's committee faced a

perplexing situation. Should the committee decide that Zev was not in condition to run or that the track was likely to be too wet for My Own, it has no other candidate ready. Untidly, the second alternate, has broken down and while the committee, under its agreement with Ben Irish, owner of Papyrus, has the right to name any entry, there are no outstanding eligibles.

NEW YORK, October 19.—(By the Associated Press)—Plans for the International Horse Race tomorrow at Belmont Park went forward today despite the eleventh-hour complication concerning America's entry.

The five events originally scheduled for tomorrow for Empire City track, where a regular autumn meeting is in progress, have been shifted to Belmont Park. The first race will start at 2:30 o'clock, and the \$100,000 classic, the fourth on the program, will be called about four o'clock. The card besides its main attraction, includes two events for two-year-olds, both at six furlongs; a purse for three-year-olds and upward at a mile; a handicap at a mile and a sixteenth. The purses of all these events have been doubled.

According to the Tronton Register Ray Askey, 27, Portsmouth, O., and Anna Marie Heath, 22, Vanceburg, Ky., obtained a marriage license in that city.

### Local Men In Business

Leonard J. Austin, formerly of this city, now associated with A. J. Musser in operating a check protector exchange in Saginaw, Mich., was in the city today enroute to Seaman, after his wife and child, who will return with him to the Michigan city to reside.

Mr. Musser, whose home is in Cleveland, is quite well known here, and local friends will be interested to learn that he was married to a Saginaw young woman since locating there a few months ago.

### Ackroyd Sound Practice Call

At the evening services, he will speak on "Competent Discipleship." The musical program for the day consists of an anthem, "If Ye Love Me" (Simpson) and an offertory solo, "The Gates of Gold" (Bills) by Mrs. James D. Williams. The evening program will feature an anthem. Delightful organ numbers by Prof. Elmer Ende, will be rendered at both morning and evening services.

### Lost Tot Takes Long Stroll "Hooch" Sent To Jail

George Candy, colored, arrested at New Boston Thursday on a charge of possessing moonshine and intoxication, was fined \$100 and costs and \$10.80 by Mayor W. E. Newberry today. Candy to raise the total at \$116.80. Candy was sent to the county jail. Candy was taken into custody yesterday when village officers found him on the banks of Mill brook lake with a good supply of "white mule." Six one half pint bottles in a coffee sack were found in possession of the negro according to arresting officers. Caught with the goods Candy did not attempt to deny guilt when brought in for trial yesterday, but pleaded guilty and was fined.

The two high jobbing mills of the Portsmouth Works, Wheeling Steel Corporation, after being off for the past six days for repairs, will resume their work Sunday night at midnight, it was announced today.

### Juniors Plan For Winter Meetings

At Thursday night's meeting of Portsmouth Council, Jr. O. U. A. M., the committee in charge of activities for the winter season announced a temporary schedule of events that promise to keep the members busy for the next few months.

On November 1 one of the order's popular social is to be staged in their hall. Tickets are on sale, and are selling fast.

At next week's meeting a special program of important business is scheduled and it is of the utmost importance that all members be on hand.

The most important of the matters before the local organization, however, is the big rally and initiation scheduled for November 24. It is hoped that a class of 100 will be on hand at that time, towards which seven applications were clanked up at last night's meeting. Coal Grove council will be invited to confer the degree work on the record class. State officials have also been invited, and assurances have been received that state counselor H. E. Hauck of Gallipolis and state secretary J. G. Richter of Canton will be in attendance. A big banquet will follow the rally.

System of making bread direct from wheat has been developed in Europe.

### Meeting Of Fox Hunters Nears Close

Quite a number of fox hounds go by merrily on, and an enthusiastic meeting of the Seloto Valley Fox Hunters' Association is drawing to its close at Sam Stockham's camp on the Little Seloto, about three miles from Selotville.

The meeting, which opened with a bench show Monday, reached the two-thirds mark with completion of the Derby, the field trial event for dogs in the 20-months' class.

It was won by Sam Stockham's big white and tan, 15-months' old Walker-bred entry "Jack", which proved to

be the most efficient and enduring trailer entered. Second honors went to Howard Craycraft, 57 Franklin Furnace. There were 54 dogs entered in the Derby.

The first heats of the all-age event were run yesterday, when a few of the dogs were put down. They will be gradually eliminated until, at the end of the week, the best of the 67 dogs is named by the judges. A number of the local breeders and fanciers are looking forward to entering the best of the local entries in the national meeting at Washington C. H. next month.

### Portsmouth To Entertain District Convention Of Royal Neighbors In 1924

Portsmouth was chosen as the place for the 1924 meeting, two Portsmouth women were elected to district offices, one candidate from the River City was initiated in a class of 28, and Mrs. Laura Walker, of this city, presided as President or Oracle of the annual convention of the Eighteenth District of Royal Neighbors of America in Ironton Thursday, when a number of out-of-town delegates were royally entertained by the Ironton organization.

Mrs. Ida Ogden, of Progressive Camp, this city, was elected Recorder and Receiver, and Mrs. Hannah Edgington, of Delta Camp, this city, was elected Inner Sentinel of the district organization. Miss Clara Sutton, of Delta Camp, was one of the large class receiving degree work.

The convention opened with the afternoon session in the Ironton Camp's Hall and a banquet was served at the Hotel Cecil at 6 o'clock to 225 members. The Ironton members received much praise for their hospitable entertainment of the delegates and visitors.

The Portsmouth delegations made the trip by automobile with the machines carrying purple and white streamers, the colors of the order.

The election of district officers resulted as follows:

The Portsmouth high gridirons went through their final workout this afternoon to get in shape for the big game with Ironton high tomorrow in Ironton. The Ironton game is one of the two big games on the P. H. S. schedule each year and is considered an equally important as the Turkey Day battle.

All the regulars are in shape for tomorrow's game. Shields has been limping with a bad ankle but is now back to the game and ready to take his place at the fullback position. Captain Ellisor is to play quarter with Goss and Bill Moore on the halfbacks positions. The line will center the regulars with Callahan at center, Leneave, Munson or Williams on the guard posts with Phillips and Jaffer at tackle. Flowers and Monk or Armstrong will be on the end positions with McConnell ready for a backfield place or a tackle position. "Dude" Moore, Thompson and Sprague are also ready to fill in should they be needed in the backfield.

A big crowd of local fans will accompany the team and one side of the field will be reserved for the Portsmouth rooters. Several hundred high school students expect to make the trip by motor. Relative to the big game the Ironton Register last night said: Portsmouth is coming Saturday to play Ironton High at Beechwood.

The Tigers have been hard at it this week and a practically new backfield is being worked in. Two teams have been matched out of the Tiger material and scrimmages have been indulged in for the past week. New plays are in rapid manufacture and Portsmouth is in line for a few surprises. Some of the plays are so tricky that even the eminent coach is uncertain who has the pit until the carrier is pulled off of it after being tackled. The "hats" have been hitting one another for the past week just about as hard as they could possibly hit the Portsmouth lads and all are toughened for the Saturday fray.

The two lines continue to have it hard trying to get themselves in the right place, the right position and the right spirit at the right time. They are showing steady improvement.

### Centre Star Joins Boosters

Terry Snowday, star fullback of the Centre College team of last year, has definitely decided to sign a contract to play with the Huntington, W. Va., semi-pro team and will appear against Logan, W. Va., Sunday. He called Manager Jim Leneave, head of the Tanks, this morning and informed the Tank management of his intention. Snowday will be in the Huntington lineup when the West Virginia outfit faces the Tanks on Oct. 28th, at Huntington—Ironton Register.

### Eagles Play Wellston

The F. O. Eagles' team, which made such an excellent showing against the Tanks in its opening game, will play the strong Wellston grid combination next Sunday afternoon on the Wellston field—Ironton Register.

## Tanks Expect Tough Battle Sunday In Clash With Local Smoke House Team

IRONTON, O., Oct. 19.—The Tanks are not anticipating an easy time next Sunday afternoon, when they meet the Portsmouth eleven at Beechwood Park. They realize that the Portsmouth team is stronger this season than they have been for many years and some folks over the fence think they are stronger than they have ever been. Their game against Seagraves evidenced the fact that they have a good combination, as the Seagraves eleven was much better trained and in better condition

than it was when it backed the Tanks on the Big Red field for the first contest of the season. Portsmouth defeated Seagraves by a 2-0 score in a contest that abounded in plays in the offensive work of the River Citizens. The Portsmouth club should have won by from three to four touchdowns. But it was their first game and they were rather rough around the edges. They have improved, under the direction of Coach Sam Ackroyd, and are

ready to meet the Tanks in a re-run of the annual battle for supremacy. The Big Red outfit hopes to entertain a great crowd at Beechwood Sunday, because the followers of both clubs will be in large numbers, with an easy and pleasant drive between the two cities, facilitating fan movement. They assure a good game, no matter which team is returned the winner.

## Big Day On Gridiron Tomorrow

(By HENRY L. FARRELL, United Press Sports Editor.) NEW YORK, Oct. 19.—(United Press.)—With the idea of furnishing a program of general merit, large kicks and generous thrills, nothing could have been ordered better than the football schedule which will be played tomorrow all over the country.

The most interesting game, perhaps, on a schedule that is filled with hard contests and colorful spectacles, is the battle to be fought at Princeton between the Princeton Tigers and the "Micks" from Notre Dame, who are to make their second big shot in the east.

Princeton and Notre Dame will bring into action the most modern kind of play. Both are up to date and versatile and both are great field players behind a very strong line. The Tigers will not be represented by an eleven of the 1922 calibre, while Notre Dame is always powerful.

Both Princeton and Notre Dame are among the greatest football institutions in the country. On successive Saturdays, Notre Dame had games arranged with the Army, Princeton, Georgia Tech, Purdue and Nebraska, while the Tigers assumed a tremendous load in taking on in succession Georgetown, Notre Dame, Navy, Swarthmore, Harvard and Princeton.

Pittsburgh, another eleven that arranges schedules on the theory "give us a hard game to start with and make them harder as they come" has another yow of a game with the powerful Syracuse team.

Pittsburgh started the season with Bucknell, followed with Lafayette and West Virginia, has Syracuse tomorrow and then takes on Carnegie Tech, Pennsylvania, Washington and Jefferson, and Penn State.

Some schedule!

The Navy, which has been having plenty of trouble all season, will be sure to find some more when the Midshipmen venture to Penn State for their first game of the season away from home. Hugo Bezdek always has the Penn State

team well equipped, even if the material at hand now is not as spectacular as it was two and three years ago when Penn State was riding the eastern coast.

In narrowly missing some bumps in the early game, the Navy, no doubt, was handicapped by the absence of Steve Bartlett, the star back and also by an unexpected inability to get in form. It might

have been that the midshipmen thought too well of themselves, but this inability, if such, should have been cured by this time.

The powerful Collet eleven from West Point tomorrow to its duel with the onth by playing the Alabama Poly team. The Collets dispossessed of Tennessee and Florida in the opening games of the season.

debury. Explaining, possibly, why Middlebury was held to a tie.

The Walter Camp of Denmark, visiting American, says he knows nothing about football. We shall look for his all-American selection with interest.

Moses Solomon came to the Giants from Kansas a 400 hitter. The National League pitchers promptly reduced him to .338.

While it is true that Papyrus is a delinking horse it is plain that he is no eat. "I can either take the stuff or leave it alone," he assures you.

Next to Hugh Wiley's illustrations without we don't know anybody that can make more passes than Notre Dame.

Mr. Ruth appears to have demonstrated that he can be just as much of a buster as a bust.

We hear that Pippo will insist on grand riches the next time he meets Dempsey. Two lines on all uppers into the crowd.

## Favor Aerial Game

CINCINNATI, October 19.—St. Xavier College football fans are so strong for the aerial game that they are doing everything in their power to urge Coach Joe Meyer to put on the same kind of a game Saturday, when the local team plays Cleveland University. As a climax to the 407th Pursuit Squadron, has agreed to fly over the field which will have painted on it the alumni slogan, "Play An Aerial Game."

## PRINCETON READY

PRINCETON, N. J., Oct. 19.—Bill Roper sent the Princeton varsity through a long, hard scrimmage in the driving rain yesterday, the ball making little progress in either direction on the muddy field. For almost an hour the regulars tussled with the scrubs, who except Notre Dame plays as easy as possible in the mud. The varsity seemed to show a little better defense than Wednesday, but this was perhaps due to the weather.

## McDERMOTT VS. HAYS MOTORS SUNDAY

Weather permitting, the Hays Motors and McDermott brigade will clash again on the diamond of the Bush townships champions Sunday afternoon. The two teams met last Sunday and the Motor boys were the class of the party and carried away the honors of the day. The village warriors are persistent and brave despite their defeat and are back for more of the same dose though they hope to turn the tables on this occasion, or, at least, make a better

showing this time out. Big Otis Lewis, crack sharpshooter who turned the villagers back a week ago, will again be on the hill for the winners, while Challenge, who finished out the combat last Sunday, will fine style after Braunton was chased will perform for the home team. The game will be called at 2:00 and the locals will journey to the ballfield by motor, leaving the Hays Motor company establishment on Gall street promptly at noon.

## Big Games In The East

NEW YORK, Oct. 19.—College eleven that will figure tomorrow in the first big Saturday of the gridiron season in the East were moving today toward the scenes of conflict.

Notre Dame arrives today at Princeton where some 30,000 persons expect to be thrilled by the Hoosiers' forward passes and "shell game" football, which Notre Dame followers believe will defeat the Big Three, champion last season.

Syracuse meets Pittsburgh in the Yankee Stadium tomorrow. Columbia's sound leaves today for Philadelphia, for the first big test of Percy Hightower's new charges. Columbia believes it has a good chance to win from the University of Pennsylvania. Bucknell has practice today at the Yale Bowl. Yale expects victory. Holy Cross is hopeful about the

game with Harvard, especially because of the Grison's record so far. Penn State is gloomy about its chances with the Navy.

Army defeated last Saturday by Notre Dame, has another hard opponent tomorrow in Alabama Polytechnic.

## Sam Rice Makes Fine Showing As Golfer

WASHINGTON, Oct. 19.—As a golfer, Sam Rice, right fielder for the Washington Americans, is showing as much skill as he does on the baseball diamond.

Until this year he did not know a golf ball from a brassie. But he took up the game, and the other day turned in a 77 for eighteen holes at the Indian Springs course here. Par is 74. Rice is not the only Washington baseball player who has taken to the "golf course. Atbrook, clown of the diamond, plays the golf game as well as the baseball game. He has been links here and usually negotiates the course in the low eighties. Others who play are Harris, Ruel, Charley and Clark Griffith, President of the Washington club.

## Masque Ball At Baesman's To-Night

The masquerade ball to be given at Baesman's dancing academy tonight promises to be a huge success. This will open the fall season of this popular academy. The collections will furnish the music for the ball. The orchestra has been strengthened by the addition of Phil Pratt, saxophone and clarinet, and Homer Sheets, trombone.

## TO EARLY TO DETERMINE

**T**HE New York Tribune is wrought to high indignation because the Filipinos are not bowing and scraping to Governor General Wood and acclaiming themselves as the happiest and most fortunate people in the world because the United States holds them in bondage. It characterizes Emanuel Quezon, who seems to be the Patrick Henry of the islands, as the leader of a horde bent on defiance and spoils.

That's one way of looking at the Filipino situation, from a long ways, about ten thousand miles. It's the way of the conqueror and oppressor all down the ages—scribing virtue to self and despising it in others.

General Wood is a fine man, he is a most excellent administrator, but he has traits that do not inspire love and counter-amiability. His talents may be superb as applied in the manner, but the manner may not be liked.

What Quezon and his lieutenants are time and circumstances can alone determine. It isn't established by any means that they are spoliators and grafters, seekers after power because of its evil fruits. It is not yet proven they are rebels. If they are taken out and shot and America continues to rule and write history they will be rebels for all time; but if they succeed, or if the eyelings ages bring freedom to the Philippines, even though they be executed, they will become patriots, liberators, martyrs.

George Washington was once a rebel, in England; even were his motives maligning by his own people. Now we acclaim him the father of his country, a country that England is now hunchy-fugging around with, trying to have her form an alliance offensive and defensive with her.

Some day, needs hence, the United States may be trying to form a covenant with the land of Emanuel Quezon to resist the onslaught of the Jap and the Chinaman.

## ALWAYS MORE MONEY

**S**TATE Prohibition Director B. F. McDonald is boastfully perturbed because Bishop W. F. Anderson, of the Methodist church, makes the charge that state officials are derelict in enforcing Volsteadism in some parts of the state. His defence is a sort of triple-barrelled discharge. He would have his reverence know that prohibition is "flouted" in some sections, notably in Cincinnati, from where hail his accusers; that in the year the state and subdivisions have had a revenue from bootlegger fines of \$2,350,000; what the bishop ought to do is to urge the authorities at Washington to get busy, and his own hands are tied to narrow circle because the state appropriates only the paltry sum of \$100,000 a year for prohibition. And in this latter lies all the sum and substance of the defence plea of every prohibitionist. The government does not appropriate enough money.

The national government appropriates millions to this one purpose. Federal emissaries swarm the land. You can find them in Portland, Maine, in Portland, Oregon. You can see them in Chicago, they are not unknown in New Orleans and you run across them here in Portsmouth. The state spends only \$100,000 in hiring them! That's better than \$2,000 to a county. Just think of that to a county with its sheriff, policemen, village marshals and constables. Not enough? Why, it's too many. They are falling over one another. Those whose hands ought to hold them up complain they are falling down.

When we hear ex-Governor Frank L. Davis rebuking Gov. Vic Donahey needn't tell us life is dull and dreary.

Thomas Edison says a mighty good citizen would be spoiled if his friend Henry Ford were made president. To the same and which we quite agree.

Just to show how non-partisan the Taft bill is the Republican gang of Cincinnati gives its endorsement and urges all Republicans to vote for it. That's an order that'll not be heeded. From our observation we make it better than even, that Republicans are not fonder than any one else of voting more taxes on themselves.

Long dry spell, but give the weather man credit for, at least, trying to send rain.

Old town rolling right along. She is soon to have a day and night garage and Sunday too.

Great country. Drought in Massachusetts and New Jersey; floods sweeping over Oklahoma and Louisiana.

They all throw a spasm once in awhile. Federal authorities are closing the saloons in New York.

A Portsmouth young man has invented a contrivance to fill your wheel while you ride. Great contraption, indeed. Nothing so painful as to see a man weighing 237—except a woman weighing 93—putting and panting by the wayside in effort to blow her up.

## New York-Day-By-Day

BY O. O. MONTYRE

NEW YORK, Oct. 19.—Thoughts Respect for the movie slumps while strolling around New York; nearly every visit I make to a cinema theatre. My chief complaint is sauteurs and door openers. Dressed like kings. Cafeteria doorway flirts. Girls with the White Way "golfing" consumption—out and running. Morris Gest and his high white hat. A model violet. The first Chinatown bus I ever saw filled. A barefoot man selling Persian prayer rugs. Where do all the tears of movie stars come from? A spunged dowager breaking ground for the third club.

Strange faces and carboys in front of a military shop. Mines and mountebanks. Glaciers and tinsel. Anita Stewart looking at her name in electric lights. Back country folk. Laden with cash. And eager to spend. Scouring for the New York flavor that can be found as well in Main Street.

Mysterious and dazzling window displays. A canary apparently flying about in a bowl of water. A Holland windmill that sprays perfume on passers-by. A mannikin with a baby lamb in her lap. Dolls that skip the rope. A clown juggling popcorn balls.

A shop that furnishes uniformed note and four guides. Sailors home from long voyages in all parts of the world. Yet displaying a provincial shyness. All the shooting galleries have gone. A man in front of a loan shark office studying a racing form.

Burlesque girls in hats of silver cloth. A one carriage funeral. George M. Cohan, exclaiming a cue. Hour cafes, locked and barred by prohibition. The poke collar and puff tie have been revived. I never saw a stage doorman who didn't have a dreamy look.

Drooping sparrows perched on a subway kiosk. Whining women with trays of faded flowers. The 50 year old man who believes he is John the Baptist. Still, I once thought I was a poet. A scurrying limousine Chinese. Morning papers are out. Time to scot home.

One rarely fails to run across some old or new acquaintance in another's stroll along Broadway at night. At times, though, such meetings are for all concerned. In the shadow of the Putnam, building a rather seedy chap was furiously selling naughty pictures in pink envelopes. Types such as he inspire my interest. I stopped to talk. Our mutual recognition was instantaneous. We were at one time classmates at a school.

My idea of a diplomat is one who would know what to do under such circumstances. I fumbled for words as he did—and we each moved off without saying anything except "How'r you?"

## Chilly Work

The dear old gentleman got into conversation with a young man.  
"And what is your job, sir," he asked. "If I may make so bold as to inquire?"  
"I travel in underwear," was the reply.

"How curious!" said the old man, rubbing his spectacles. "And—what a cold job it must be in the winter."

Dad—"Eleven horse-power, son. Bobby (reflectively)—"I betcha ten o' 'em are sick and lothar's dead."

Not Interested.  
"Did you go to see the Calacombs when you were in Rome?" asked Mrs. Day of her friend, Mrs. Blank, who had just returned from abroad.  
"No," was the emphatic reply. "I never did care for cats and I can see plenty of them at home."

Which He Liked Best.  
They were to have company one evening, and the little four-year-old boy of the house, wishing to break the silence that had lasted a few seconds said, "Do you know what part of a hog I like best?" One of the guests said, "No, what is it?" And he replied, "the whole hog."

BERTON BRALEY'S DAILY POEM  
**The Day's Work**  
(By Berton Braley)  
I HAVEN'T got the world abuzz, Nor stirred the people to applause, Nor led through many troubled ways A noble or a splendid cause. No headlines started my name aloud, I go my simple humdrum way, A worker in the working crowd, But I have done my job to-day.

But to my task I gave my best, The task for which I get my pay, My shift is over and I rest, For I have done my job to-day.

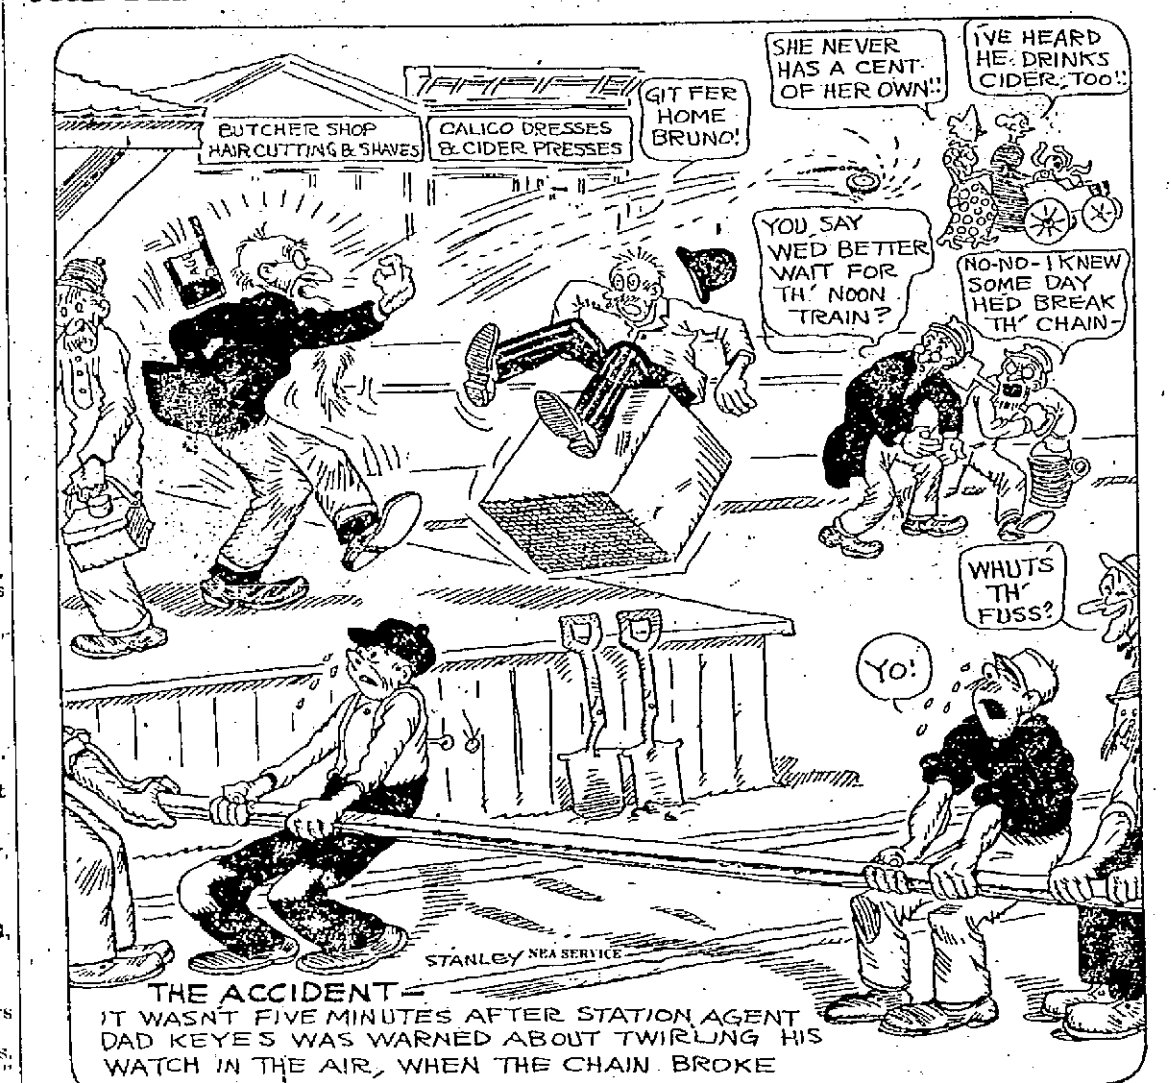

To each his work, or great or small, According to his strength or skill, Fame cannot glorify us all, Nor fortune answer to our will, But when the quelling whistle blows The humblest of us all can say, "At least I've done my job to-day." (Copyright, 1923, NEA Service, Inc.)

## OAK HILL TO GET NEW CHURCH

OAK HILL, Ohio, October 18.—An important real estate deal was transacted when the Building Committee, of the United Brethren Church, purchased the two lots at the corner of Mill and Lincoln streets in Wedgewood addition from Henry Thomas and Arch Smith. The church is planning to erect a \$25,000 edifice in the near future, and Rev. C. A. Anderson, L. C. Foster, J. W. Kinnison, R. S. Williams and A. F. Jones, members of the Building Committee, were in Columbus last week inspecting the Burgess avenue, the Washington avenue and the Wagner Memorial Churches, to gain ideas and plans for the erection of the new Oak Hill church. The present church building was erected in 1893 and the congregation, has outgrown this, hence the need of a new house.
